UNIVERSITY CURRICULUM COMMITTEE – 2008-2009
Mr. David E. Shipley, Chair
Agricultural and Environmental Sciences - Dr. Timothy L. Foutz
Arts and Sciences - Dr. Richard E. Siegesmund (Arts)
Dr. Rodney Mauricio (Sciences)
Business - Dr. James S. Linek
Ecology - Dr. James W. Porter
Education - Dr. Yvette Q. Getch
Environment and Design - Mr. Scott S. Weinberg
Family and Consumer Sciences - Dr. Jan M. Hatcher
Forestry and Natural Resources - Dr. Ronald L. Hendrick
Journalism and Mass Communication - Dr. Wendy A. Macias
Law – No representative
Pharmacy - Dr. Keith N. Herist
Public and International Affairs - Dr. Anthony M. Bertelli
Public Health – Dr. Phaedra S. Corso
Social Work - Dr. Patricia M. Reeves
Veterinary Medicine - Dr. K. Paige Carmichael
Graduate School - Dr. Malcolm R. Adams
Undergraduate Student Representative – Ms. Jamie Beggerly
Graduate Student Representative – Ms. Amrita Veliyath

Dear Colleagues:

The attached proposal to terminate the major in Mathematics under the Bachelor of Arts degree (A.B.) will be an agenda item for the March 20, 2009, Full University Curriculum Committee meeting.

Sincerely,

David E. Shipley, Chair
University Curriculum Committee

cc: Dr. Arnett C. Mace, Jr.
Professor Jere W. Morehead
Dr. Hugh Ruppersburg  
Senior Associate Dean  
Franklin College of Arts and Sciences  
Campus

February 3, 2009

Dear Dean Ruppersburg:

As you know, under the quarter system, the core requirements were rather different for students seeking an AB and a BS. However, under the semester system, the core requirements depend on the major and not the degree, so it was our intention over ten years ago just to have the BS degree in Mathematics. Several years later we realized that the AB degree still remained. Since it is of no value to the university (or to students) to have two degrees with identical requirements, we would like to terminate the AB degree in Mathematics.

This will have absolutely no effect on our course offerings or degrees awarded, but it should reduce the confusion, as students (and faculty?) wonder what the difference is between the two degrees. Indeed, at some universities (e.g., University of North Carolina, Chapel Hill), the AB degree requires less work in the major and so is a somewhat “weaker” degree. We do not want this ambiguity for our majors.

Please let me know if I can answer any questions. Thanks so much for facilitating this change.

Sincerely yours,

Ted

Theodore Shifrin  
Associate Head  
Department of Mathematics
OUTLINE FOR DEACTIVATION OR TERMINATION
OF A GRADUATE OR UNDERGRADUATE DEGREE PROGRAM

I. Basic Information

1. Institution  
   2. School/College  FRANKLIN COLLEGE OF ARTS AND SCIENCES
   3. Department/Division  PHYSICAL SCIENCE
   4. Program Degree  AB
   Major  MATHEMATICS
   5. Deactivation  or Termination  ✓
   6. Last date students will be admitted to this program  SPRING 2009
   7. Last date students will graduate from this program  SPRING 2010
   8. Abstract of the deactivated or terminated program
      *Provide a brief summary of the deactivated or terminated program that includes an overview
       and highlights of the response to the criteria in Section II.*

9. Signatures
   Department Head
   Dean of School/College  Dean of Graduate School

II. Conditions for Deactivating or Terminating Programs

The deactivation (temporary suspension) or termination (discontinuation) of programs is expected to
address satisfactorily the conditions listed below in order to be approved and implemented within the
University of Georgia. Please provide sufficient information to confirm each condition.

1. Provide copies of the studies and decisions that warrant deactivation or termination of the
   program.

2. State the reasons for deactivating or terminating the program.

3. State the plans for allowing those students already in a program to complete degree requirements.

4. What will be done to minimize the impact of deactivation or termination of the program upon the
   personal and professional lives of the faculty involved?

5. What will be done to insure that deactivation or termination of the program does not weaken other
   programs (graduate, undergraduate, or professional) for which the department may be responsible?

6. What plans, if any, is there for subsequent reactivation or reinstatement, respectively, of the
   deactivated or terminated program?
