

**College to University Articulation Agreement
Joint Institutional Agreement
Between
The University of Georgia
and
Abraham Baldwin Agricultural College
Animal Science Articulation**

Purpose and Goals:

The purpose of this Joint Institutional Agreement is to formally establish an educational partnership between the two institutions, and specifically, between the departments that administer Animal Science course work and degrees. Furthermore, this agreement is intended to provide greater access to higher educational opportunities for traditional and non-traditional students in the field of Animal Science.

All policies and procedures of the Board of Regents (BOR) of the University System of Georgia (USG), the Southern Association of Colleges and Schools (SACS), the University of Georgia (UGA), and Abraham Baldwin Agricultural College (ABAC) will be applicable to this agreement.

Students who earn the Associates of Science Degree (Animal Science) from Abraham Baldwin Agricultural College by completing the list of courses presented below with a minimum Regents Grade Point Average of 2.5 will be guaranteed transfer admission into the Animal Science program, College of Agricultural and Environmental Sciences, The University of Georgia. All students are encouraged to consult with an academic counselor from both institutions as early as possible to plan course work that will best meet their individual educational goals.

Signatures:

This agreement is valid starting with the date of signature of both Presidents and remains in effect until terminated in writing by either institution.
