

Formal Proposal for a Transfer Admission Agreement between Another Institution and the University of Georgia

The attached document establishes a transfer admission agreement between another institution and the University of Georgia for admission to a specific degree program. In entering into this agreement, the sending institution specified and the University of Georgia have several goals, which include:

- Assisting prospective transfer students at the sending institution to progress toward their baccalaureate degree goals;
- Enabling the sending institution students to follow a course of study that allows them to begin upper-level coursework immediately upon transfer;
- Assuring the sending institution students that if they follow the terms of their approved transfer agreement, they will be admitted to the degree program specified in the agreement at the University of Georgia in the term agreed upon;
- Facilitating cooperation between the counseling offices and the transfer centers at their respective institutions.

The University of Georgia in partnership with the sending institution has developed transfer procedures to implement this agreement. To assure that the transfer admission agreement remains current, the respective parties to this understanding agree to consult regularly on issues of enrollment, articulation, and program change. The goal of both the sending institution and the University of Georgia is to minimize barriers to transfer and to increase the number of students who successfully complete the baccalaureate degree.

Students who are dually enrolled (such as MOWR, ACCEL, or joint enrollment) at their high schools and the sending institution are not eligible for a transfer agreement, but must apply to UGA as freshmen students for the term following their high school graduation.

Please provide a brief justification for the transfer admission agreement in the box below:

With the state of Georgia facing both a physician shortage and large animal veterinarian shortage, a greater supply of graduates in biological sciences is needed. In order to increase the supply of these graduates, who may potentially pursue a doctoral degree, the University of Georgia - Tifton Campus would like to make the transfer process to our campus as seamless as possible. We believe that giving potential students a "pathway" to follow will increase their chances of successful transfer to our campus, followed by successful degree completion.

I. General Provisions of the Agreement

The following information outlines an admission agreement between
Bainbridge State College (BSC) and the Biological Science B.S.A.
Sending Institution Acronym* Program Name and Degree

program at the University of Georgia (UGA). This agreement will be reviewed after three years
by Bainbridge State College and the University of Georgia to determine if the agreement
Sending Institution
will be continued.

1.1 The Transfer Admission Agreement will be in effect starting Spring 2014.
Term and Year

1.2 BSC students who fulfill the criteria listed below are assured admission to the
Institution*
Biological Science B.S.A. program.
Program Name and Degree

II. Conditions of the Agreement

To qualify for the Transfer Admission Agreement, students must:

- 2.1 Submit the Undergraduate Application for Admission to UGA during the last semester at BSC Institution* prior to completion of the associate's degree but before the UGA application deadline (see www.admissions.uga.edu for deadline). Students whose last semester at BSC Institution* is a spring semester must meet the appropriate deadline (see www.admissions.uga.edu for deadline) but may submit a form requesting a file completion deadline of June 1. This would allow the term enrolled to count towards the hours and grades needed for admission.
- 2.2 Earn a minimum cumulative GPA and transferable hours that meet UGA requirements at the time of transfer.
- 2.3 Complete the Biological Sciences Program or Certificate Name program (64 Credit Hours , see attached) at BSC Institution*.
- 2.4 Be in good standing at BSC Institution* and have no conduct or behavior issues when reviewed by UGA Admissions.
- 2.5 Have cleared any CPC issues prior to applying to UGA.
- 2.6 Meet the following additional conditions (Please attach an additional page if needed):
n/a

All policies and procedures of the Board of Regents of the University System of Georgia, the Southern Association of Colleges and Schools, the University of Georgia, and the sending institution will be applicable to this agreement.

III. Curriculum Requirement

The following information details the curriculum which must be completed in the
Biological Sciences program at Bainbridge State College.
Program or Certificate Name Sending Institution

This information includes specific courses to be completed and may also include the equivalent course numbers at the University of Georgia, hours of each class, and grades required in each course.

Please see attached.

Biological Sciences (A.A.) Concentration

The A.A. with a concentration in Biological Sciences provides seamless transfer to UGA-Tifton Campus for students earning the minimum cumulative GPA (currently 2.8).

Core Requirements

Area A1: Communication Outcomes/6 hours

Required Courses

<u>ENGL 1101</u>	English Composition I (transfer)	3
<u>ENGL 1102</u>	English Composition II (transfer)	3
<i><u>ENGL 1101</u> and <u>ENGL 1102</u>: Grade of C or better</i>		

Area A2: Quantitative Outcomes/3 hours

Students in Science/Mathematic/Nursing Transfer concentrations completing a 4-hour mathematics course for Area A will carry over 1 hour of credit to Area F.

Choose one course from the following:

<u>MATH 1001</u>	Quantitative Skills and Reasoning (transfer)	3
<u>MATH 1111</u>	College Algebra (transfer)	3
<u>MATH 1112</u>	Trigonometry (transfer)	3
<u>MATH 1113</u>	Pre-Calculus (transfer)	4
	Higher Level Mathematics	3-4

Students must earn a grade of C or higher to pass the mathematics course used to fulfill Area A2: MATH 1001, MATH 1111, MATH 1112, MATH 1113, or any higher level MATH course.

MATH 1001 and MATH 1111: Students may not use both MATH 1001 and MATH 1111 to count toward graduation requirements.

MATH 1113: Science/Mathematics/Nursing Transfer concentrations must use MATH 1113 or higher to complete Area A.

Higher Level Mathematics: Students may substitute any higher level math class other than MATH 2008 to complete Area A.

Area B: Institutional Options/4 hours

Choose four hours from the following*:
