

Formal Proposal for a Transfer Admission Agreement between Another Institution and the University of Georgia

The attached document establishes a transfer admission agreement between another institution and the University of Georgia. In entering into this agreement, the sending institution specified and the University of Georgia have several goals, which include:

- Assisting prospective transfer students at the sending institution to progress toward their baccalaureate degree goals;
- Enabling the sending institution students to follow a course of study that allows them to begin upper-level coursework immediately upon transfer;
- Assuring the sending institution students that if they follow the terms of their approved transfer agreement, they will be admitted to the University of Georgia in the term agreed upon;
- Facilitating cooperation between the counseling offices and the transfer centers at their respective institutions.

The University of Georgia in partnership with the sending institution has developed transfer procedures to implement this agreement. To assure that the transfer admission agreement remains current, the respective parties to this understanding agree to consult regularly on issues of enrollment, articulation, and program change. The goal of both the sending institution and the University of Georgia is to minimize barriers to transfer and to increase the number of students who successfully complete the baccalaureate degree.

Students who are dually enrolled (such as MOWR, ACCEL, or joint enrollment) at their high schools and the sending institution are not eligible for a transfer agreement, but must apply to UGA as freshmen students for the term following their high school graduation.

Please provide a brief justification for the transfer admission agreement in the box below:

The transfer admission agreement between Georgia Perimeter College and the University of Georgia - Griffin is designed to assist students who enroll at Georgia Perimeter College and decide to further their education at the University of Georgia in one of the undergraduate degree programs offered on the Griffin campus. Students at Georgia Perimeter College will have access to academic advisors at the college who are familiar with related degree programs at the University of Georgia.

With this agreement, the University of Georgia will be eligible to participate in college transfer fairs and other events at Georgia Perimeter College designed to inform Georgia Perimeter College students of higher education options.
